Pendrich on Telly

Recently Pendrich were asked to take part in a TV campaign aimed at young people leaving school. This can be view at:

www.icould.com/paulcampbell

Pendrich Highly Commended

Recently we received an email from Sellafield highly commending the work Frankie Kidd, Jamie Arthur and Adam Mclean carried out a high standard of work timously with an excellent degree of safety.

Letter from Client

With the B13 Guy Rope Replacement Project complete at Windscale, I would like to express my gratitude to Pendrich's and particularly to Frankie, Adam and Jamie for their excellent work.

They adapted quickly to working on an unfamiliar plant, and the manner in which they conducted themselves at Windscale, when on the stack, and interacting with other NNL staff and contractors was excellent. Their attention to safety, and progressing the job given the few holdups and weather down times we experienced was exceptional.

Thanks for an excellent job and we look forward to seeing you back at B13 for future maintenance on the stack.

Pendrich have just taken receipt of 8 new transit vans to upgrade their fleet to 28 vans and trucks.

Client Praises Flare Stack Team

Picture shows Connor Moffat at a refinery in South England.

Connor, Jimmy Moffat and Neil Grealis were highly recommended for the quality and safety standards of their work.

If you have any pictures / Stories you would like to share please hand into Claire Ferguson for the next Pendrich Newsletter - there will be a prize for the best

NVQ Delight

Ronnie Struthers and Frankie Kidd have achieved NVQ Level 2 status in Steeplejacking. Ronnie and Frankie were profiled and subsequently tested at Bircham Newton and passed with flying colours - Well Done !!

IIP Success

Pendrich Rope access and Pendrich Height Services have achieved a unique first in the Steeplejacking Industry by qualifying and successfully registering 2 companies as Investors in People.
